

Breast Reconstruction Information Session

Are you thinking about having reconstruction at the same time as your mastectomy?
Have you had a mastectomy and are thinking you may want breast reconstruction?

It is recommended that you attend a session to learn about breast reconstruction before you meet with the plastic surgeon.

We will review:

- types of reconstruction
- getting ready for surgery
- recovery and revision process
- peer support: talking to someone who had a similar surgery

When: Offered every Tuesday from 1:15—3:15 p.m.

For information and to register: 204-787-2970 or toll free 1-866-561-1026
675 McDermot Ave., First Floor: Room ON1018

There is no charge for this session. Family members and friends are welcome.

This session may be available by Manitoba Tele-Health
